Shell EMP DRAFT Nov2014 Highlighted.pdf

Hanh,

Please find attached the revised EMP with yellow-highlights where portions of text have been revised from the prior version. We hope the highlighting facilitates EPA's review of the referenced document.

Again, I will call you to discuss a follow-up meeting.

Regards,

Greg

I

Hi Greg,

Thank you for sending the revised EMP. I took a quick look and did not see any indications of track changes. It was my understanding that the next submission would include redline/strikeouts. Please confirm.

Thanks,

Hanh

Subject: Shell Revised EMP

Good day Hanh,

Please find attached a revised draft of the EMP for EPA review.

Also, Shell continues to work on:

- Responses to Erin's September 20, 2013 email; and
- Continue to review the Tetra Tech modeling report.

We will be prepared to discuss both in the near future.

I will call you to discuss timing for a follow-up meeting on the revisions to the EMP.

Cheers,

Greg
